IBM Cloud Account

The screenshot displays the IBM Cloud Dashboard interface. At the top, a dark navigation bar includes the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user's account (Vignesh B's Account). Below the navigation bar, the main content area is titled "Dashboard" and features a "For you" section with five recommended cards: "Build" (Explore IBM Cloud with this selection of easy starter tutorials and services), "Build a web app with Watson Speech to Text" (Deploy a conversational interface compatible with any application, device, or channel), "Get Started with Watson Studio" (Get started with using AI and Cloud Object Storage in 15 minutes), "IBM Watson Internet of Things Platform" (Communicate with connected devices, monitor and analyze data in real time, connect your own IoT apps and add Watson AI to the solution), and "Build a V Cloud (V)" (Upgrade to create your your own protected space in the IBM Cloud). Each card includes a "Getting started" button and a time estimate. On the right side, a user profile dropdown menu for "Vignesh B" is open, showing options for Profile, Log in to CLI and API, Privacy, Change theme, and Log out. At the bottom, there are three sections: "User access" with a "Manage users" link, "News" with a "View all" link and two news items ("SLSA Support in IBM Cloud Continuous Delivery" and "WebSphere Application Server Support Restatement"), and "Planned maintenance" with a "View all" link.
